Personal Work & Adjustment Training (PWAT)

In collaboration with the Office of Vocational Rehabilitation (*OVR*), **Opportunities Unlimited of Erie** has formed partnerships with local businesses, which enable us to secure employment for *PWAT* workers in a variety of settings, including: hospitals, food service companies, retirement communities, retail establishments and many others. The *PWAT* program offers an opportunity for qualified candidates to ease into the workforce for a 30-day training period. Participating employers benefit because they are able to train an employee for a position at no cost to their company.

Employment Network

Your "Ticket to Work"

Most beneficiaries of Social Security Income (*SSI*) and supplemental Security Disability Income (*SSDI*) receive a **Ticket to Work**, which can be used to obtain vocational rehabilitation, employment, and other support services from an approved **Employment Network** free of charge. **Opportunities Unlimited of Erie**, a designated **Employment Network**, helps ticket holders to reach their employment needs and goals.

Opportunities Unlimited of Erie

Whatever your employment goals, let us help you to develop a strategy—

- Assess your job readiness
- Search for work
- Create a resume
- Complete an application
- Train for interviews
- Secure a job
- Counsel about career issues
- Communicate with your employer
- Communicate with partner organizations

Our goal is to help you achieve your vocational objectives. **Call 814-464-8083 today** to find how we can help you develop personally and professionally.

Job Placement Services

The steps to getting a job can seem overwhelming. Opportunities Unlimited Job Placement Services vocational specialists can guide you step-by-step, beginning with assessing your skills and applying them to open jobs in your area. Upon securing a position, your vocational specialist will also provide ongoing support to both the employee *and* the employer.
