## What is Gage House?

*Gage House provides high-intensity, residential treatment and is located at 1813 Holland Street in Erie.*

Gage House offers a structured program that provides high-intensity services to individuals who are in need of treatment to address co-occurring drug and alcohol and mental health issues. The program is designed to provide individualized treatment on a voluntary basis and is licensed by the Department of Drug and Alcohol Programs (DDAP) and the Pennsylvania Department of Human Services.

### Professional Staffing

Our professional staff is experienced and trained in delivering services to the co-occurring participant. Individual treatment is under the direction of a psychiatrist and provided by mental health/drug and alcohol professionals. Staffing includes registered nurses, master's level therapists, certified counselors, certified recovery specialists, and trained technicians/aides in the addictions field.

*Welcome.*

## Continuing Care and Follow-Up

Aftercare starts the day of admission. Referrals to necessary services are made during treatment such as peer support services, case management, and mobile psychiatric rehabilitation.

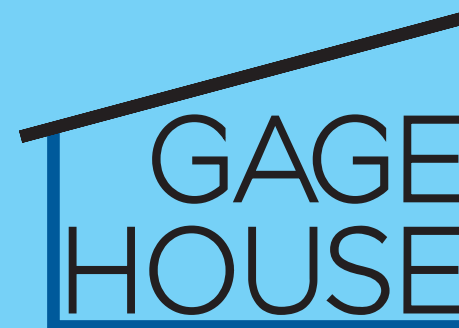

These referrals are identified through the treatment process in order to support ongoing stability, growth, and recovery after discharge.

Clients are encouraged to learn more about available community supports.

## Coverage and Costs

Gage House accepts private insurance and Medicaid. Individuals without the ability to pay or without insurance coverage, may be eligible for county-assisted funding.

This project is made possible by an agreement with the PA Department of Health, Department of Drug and Alcohol, the Erie County Department of Human Services, and the Office of Drug and Alcohol Abuse.
