

Welcome to Gage House

Comfortable and welcoming common rooms

Quiet bedrooms with en-suite bathrooms

Meals served and laundry service on-site

What is Gage House?

Gage House provides short-term and long-term residential treatment and is located at 1813 Holland Street in Erie.

Gage House offers a structured program that provides both rehabilitation and habilitation services to individuals who are in need of treatment to address co-occurring drug and alcohol and mental health issues. The program is designed to provide individualized treatment on a voluntary basis and is licensed by the Pennsylvania departments of Health, Human Services, and Drug and Alcohol.

Professional Staffing

Our professional staff is experienced and trained in delivering services to the dually-diagnosed patient. Individual treatment is under the direction of a psychiatrist and provided by mental health/drug and alcohol professionals. Staffing includes registered nurses, Master and Bachelor level therapists as well as trained technicians in the addictions field.

Welcome.

Dual Diagnosis Program

LECOM HEALTH
MILLCREEK COMMUNITY HOSPITAL

Gage House offers two levels of care

For those who meet criteria for co-occurring mental health and substance use disorders

SHORT-TERM (21-30 days)

- Education about both diagnoses
- Medication management through weekly psychiatric intervention
- Family education and family therapy
- Relapse prevention and skill development
- Self-help guides and 12-step programs
- Group and individual therapy
- Referrals for after-care needs, such as case management services
- Medication-assisted treatment, such as Vivitrol

LONG-TERM (31-90 days)

- Education on lifestyle changes
- Psychiatric intervention weekly
- Medication management biweekly or more after assessment of needs
- Individual and group therapy
- Referrals for additional needs such as employment, education, medical care, budgeting and housing assistance
- Family education and family therapy
- Self-help and 12-step attendance
- After-care planning, such as case management services
- Medication-assisted treatment, such as Vivitrol

Light-filled, single and double rooms with individual rest rooms

GAGE HOUSE

What to bring

• Personal hygiene items

Including: soap, deodorant, shampoo, toothbrush, toothpaste, comb/brush, razor, shaving cream, and female hygiene products

No aerosol cans, glass bottles or items containing alcohol

• Recovery support materials

Examples: AA/NA books, pamphlets and religious texts

• Clothing for 5-7 days

Laundry facilities are available on-site

All clothing must be appropriate—no promotion of drugs, alcohol, violence, negative slogans or graphics. No A-frame T-shirts, form-fitting clothing or dress/skirts. Shorts and shirts must be of appropriate length and size. Appropriateness will be determined by staff.

• Cigarettes and tobacco permitted when sealed

What not to bring

- Cellphones
- Cigars
- Cars
- Bicycles
- Suitcases
- Over-the-counter medications
- iPods, CDs or CD players
- Hairspray, nail polish or perfume/cologne
- Food (meals and snacks will be provided)
- Bedding (blankets, pillows and towels are provided)

Sunny back yard and all-seasons sun porch

Continuing Care and Follow-Up

Aftercare starts the day of admission. Referrals to peer support services, blended case management and mobile psychiatric rehabilitation as well as to outside agencies are made to ensure the individual needs of our clients.

These referrals are identified through the treatment process in order to support ongoing stability, growth and recovery after discharge.

Coverage and Costs

Gage House accepts private insurance and Medicaid. Individuals without the ability to pay or without insurance coverage may be eligible for county-assisted funding.

This project is made possible by an agreement with the PA Department of Health, Department of Drug and Alcohol, the Erie County Department of Human Services and the Office of Drug and Alcohol Abuse.
