

# Psychiatric Rehabilitation

*Be an active participant in your recovery and create the life you want.*

## What is the Psychiatric Rehabilitation Program?

Psychiatric Rehabilitation helps people with serious mental illnesses lead fulfilling lives. Staff meet people in or outside the home to develop skills for living, working, learning and socializing.

## What can someone expect from the Psychiatric Rehabilitation program?

Individual goals could include but are not limited to:

### **Living and Wellness:**

Manage a household, navigate transportation, cook nutritiously, get exercise, manage illness and develop interests.

### **Educational:**

Obtain a GED, a technical or college degree, organize a schedule and learn coping strategies to handle stress related to studying and exams.

### **Vocational:**

Obtain employment or volunteer work, practice interview skills and make a good impression.

### **Social:**

Develop social roles and supports as well as the skills needed for healthy and fulfilling relationships (e.g., parent, partner, sibling, friend, tenant).

## Who qualifies for the Psychiatric Rehabilitation program?

- Individuals 18 years of age or older.
- Erie County residents.
- Individuals diagnosed with a serious mental illness.
- Individuals experiencing functional impairment that interferes with role performance in living, working, education and/or social domains.
